

Proposals for Gypsies, Travellers and Travelling Showpeople Sites on Unallocated Land Outside Development Frameworks

Policy H/22: Proposals for Gypsies, Travellers and Travelling Showpeople Sites on Unallocated Land Outside Development Frameworks

Planning permission for Gypsy and Traveller caravan sites and sites for Travelling Showpeople (as defined in the Government's Planning Policy for Travellers) on unallocated land outside development frameworks, and outside the Cambridge Green Belt, will only be granted where:

- a. The Council is satisfied that the applicant has adequately demonstrated a clear need for a site in the district, and the number, type and tenure of pitches proposed, which cannot be met by a lawful existing or available allocated site;
- b. The site is located in a sustainable location, well related to a settlement with a range of services and facilities, including a primary school, a food shop and healthcare facilities, and is, or can be made, safely accessible on foot, by cycle or public transport;
- c. The needs of residents of the site can be met appropriately by local facilities and services without placing undue pressure on them;
- d. The number and nature of pitches provided on the site is appropriate to the site size and location, will address the identified need;
- e. The site would not present unacceptable adverse or detrimental impact on the health, safety and living conditions of the residents of the site by virtue of its location;
- f. The site, or the cumulative impact of the site, in combination with existing or planned sites, would respect the scale of, and not dominate, the nearest settled community;
- g. The site, or the cumulative impact of the site in combination with existing or planned sites, would not have an unacceptable adverse impact on the amenity of surrounding land uses, the countryside and landscape character, village character, on heritage or biodiversity interests, or from traffic generated;
- h. The site location would not have an unacceptable adverse impact on the effectiveness and amenity of existing or proposed public rights of way;
- i. Sites for Travelling Showpeople must also be suitable for the storage, maintenance and testing of items of mobile equipment.

Gypsy and Traveller sites are inappropriate development in the Green Belt. Any proposals in the Green Belt would have to demonstrate they comply with National and Local Policy regarding development in the Green Belt. If, through the application of such Policy, provision of a Gypsy and Traveller site in the Green Belt is considered acceptable in principle, the proposed development is required to comply with the criteria set out within this policy.

- 7.87 This policy will be used to assess planning applications for Gypsy and Traveller pitches and Travelling Showpeople plots which come forward on sites which have not been allocated through the Local Plan, often referred to as windfall proposals. The GTAA 2016 identified that there could be additional need from existing households where need could not be appropriately assessed. Proposals for additional sites will be assessed using this policy. Applicants will need to demonstrate that they meet the definitions provided by the Government's Planning Policy for Travellers Sites.
- 7.88 Proposals for Gypsy and Traveller caravan sites are predominantly residential uses and will be acceptable within development frameworks where policies in the Local Plan are met; in particular in terms of the scale and design of development being appropriate to the settlement. Development outside development frameworks is tightly controlled, and applicants seeking planning permission for sites will need to demonstrate the need for a site in the district.
- 7.89 The Government's Planning Policy for Travellers Sites establishes that the existing level of provision and need for sites, the availability of alternative accommodation, and the personal circumstances of the applicant are material considerations when considering planning applications.
- 7.90 Note: The GTAA identifies a need for 9 additional Travelling Showpeople plots in the next 5 years plus an additional 2 by the end of the plan period. This is beyond current levels of supply. The new need for Travelling Showpeople plots has arisen well into the plan making process and there was no need identified in the previous study. It is considered that the criteria based policy approach in Policy H/22 is a reasonable, pragmatic and proportionate response to the current situation for the Local Plan and the stage it has reached. It can provide an appropriate response to any proposals received to address the modest level of identified need. In parallel with the Local Plan process, the Council is continuing to move forward via discussions the Showmen's Guild and with neighbouring authorities to identify a site close to the strategic highway network that is sufficient to meet this modest need.
- 7.91 The policy excludes land in the Green Belt. National planning policy establishes a general presumption against inappropriate development in the Green Belt. The definition of inappropriate development includes Gypsy and Traveller sites and Travelling Showpeople sites. Subject to the best interests of the child, personal circumstances and unmet need are unlikely to clearly outweigh harm to the Green Belt and any other harm so as to establish very special circumstances. If future need arises for affordable sites, which cannot be met outside the Green Belt, consideration of Gypsy and Traveller caravan site provision in the Green Belt will be treated in accordance with the approach to affordable housing exceptions sites.
- 7.92 Issues of sustainability apply to Gypsy and Traveller and Travelling Showpeople sites, emphasised by government policy. National planning guidance also requires that local planning authorities very strictly limit new traveller site development in open countryside that is away from existing settlements.

- 7.93 Sites must be sited in locations that provide a safe environment for the occupants including in terms of their general health well-being, and should avoid locations in the vicinity of dangerous roads, railway lines, water bodies, or power lines unless impacts can be satisfactorily mitigated. The use of unstable or contaminated land, or hazardous areas will not be permitted unless appropriate mitigation can be achieved. Sites must also appropriately address flood risk. Caravans and mobile homes intended for permanent use will not be permitted in areas of a high probability of flood risk or on the functional floodplain or where sites would increase risk of flooding elsewhere.
- 7.94 Proposals will need to be served by a vehicular access point which adheres to the highway authority's guidance and standards. There will also need to be sufficient capacity in the local highway network to accommodate the site.
- 7.95 Travelling Showpeople sites differ in that they need to provide secure, permanent bases for the storage of equipment when not in use. Most Showpeople need to live alongside their equipment, so sites must be suitable for both residential and business use, and be capable of accommodating equipment which is sometimes large. Care needs to be taken that such activities are appropriately designed and located in order to avoid nuisance to neighbouring uses.
